I. Welcome and Introduction

Meeting started at 1605

Committee Member Attendance: John Goodill, David Mangler, Karyl Rattay, Hooshang Shanehsaz, Jeanette Trella, Andrea Wojcik, Traci Williams, Elissa Miller

David Mangler – Discussed future meeting Agendas should have clearly defined personnel to brief the committee on the topics.

II. CDC Grant Metrics

PMP Use/ co-prescribing update/overview – Katie Capelli

- Annual PMP Survey went out to providers registered to PMP
 - 450 Providers responded and data will be evaluated

III. Mandatory CME Webinar Update

David Mangler stated that DPR is in the process of getting CME Webinar links posted to PMP page as well as link on HelpsHereDE.com. Once Links have been established CME Webinar will be live.

IV. Academic Detailing Update

Andrea Rodi and Jami Jones from Quality Insights (QI) briefed on contents of PowerPoint slides and progress updates for Academic Detailing (AD).

- Project Overview:
 - Recruit and provide AD to 40 sites April –June 2019
 - Recruit additional providers July – Aug 2019
- PowerPoint covered:
 - AD recruitment and delivery for both project periods
 - Barriers, Opportunities, and Successes
- Dr. Goodill mentioned comparing AD recipients to pre-AD practices and post-AD to quantify the change in behaviors and highlight improvement to providers. David Mangler stated the AAC can go into executive meetings which are closed to the public in order to access the PMP data which specifies providers and their prescribing behaviors. Dr. Goodill said that executive meetings will not be pursued and that the committee will utilize data that DPR provides.
- Questions:
 - Does the PMP cover co-prescribing?
 - Can QI use positive testimonials from providers to help with recruitment of future providers?
